

THE HAMLIN HERALD

IN 36th YEAR—EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS FRIDAY, MARCH 7, 1941

NUMBER 19

Celebrated Eightieth Birthday

J. C. CULBERTSON

Last Sunday was a big day with Mr. and Mrs. J. C. Culbertson, at their home east of Hamlin.

It was Mr. Culbertson's 80th birthday and all of his children and grandchildren were there to make the day happy for the occasion.

Those present were Attorney and Mrs. Marvin Culbertson and children of Vernon; Mayor Joe L. Culbertson and children of Hamlin; Mrs. Paul Fraser of Brownville, Texas; and Miss Vera Culbertson.

J. C. Culbertson is not only a venerable and highly esteemed citizen of this county, but of Ellis County, and all of this state where he is well known. For the past few years Mr. Culbertson's eyesight failed him and this has kept him close at home. His wonderful 80 years of life has spanned a period that has witnessed greater changes in human affairs than any 800 years before his first birthday. Congratulations, Mr. Culbertson.

Hamlin Band Association

The Hamlin Band Association met Monday, March 3, at 7:30 P. M. in the band room at the High School.

The parents were greeted by a large group of the band seated in formation ready to give an entertaining program under the direction of Mr. Smith, who first told of the instruments necessary for a well-rounded band, and taking the instruments by sections, gave a demonstration of each, and its particular place in the band. This program was interesting and instructive, and showed what we need to complete our band and bring it up to first class.

This association is newly organized and going forward, and while we feel the parents should be most interested, yet the band is a part of our town and community, and we solicit the membership of every person in Hamlin who wants to see our community and school go forward.

The band has held itself in readiness for any and all occasions suitable, and recently gave a program for the Anson High School, and Tuesday evening went to Swedonia and enjoyed a community get-together. They are preparing for the appearance in Abilene, in which they will compete against numerous bands, and will be judged as to appearance, instrumentation, and other points.

We are very proud of the splendid progress the band has made this year, and are expecting greater things in the future.

The next meeting of the Association will be the first Monday evening in April, and we want to see you there.—Reporter.

Mr. and Mrs. Harry Dodson had as guests over the week end, Mrs. Dodson's mother and sister, Mrs. J. W. Alexander and Mary Lafon, of Burkburnett. Mrs. Dodson and daughter returned home with them Monday for a few days' visit.

Milk Bottle Fund So Liberal — Thanked

Mrs. Joe McCrary, who has been urging contributions to the Milk Fund, requests the Herald to express for her and all P. T. A. members their appreciation for the very liberal contributions found in the bottles about over town. Mrs. McCrary reports the bottle at Fry's Cafe won high place for amount, which was \$9.83. Figure that out and see how many kiddoes will get fresh milk at lunches at the Grammar School, just from that one bottle. Now add to the \$9.83 a lot of other bottles holding from a penny up, and it all pays for a lot of milk to build better boys and girls.

Demonstrations For Terracing Will Be Given Near Hamlin

As you know, we have been rained out each time that a terracing demonstration has been scheduled. The purpose of this demonstration was to demonstrate the construction of terraces with one-way plows and mold board plows. Due to the fact it is so late now to try this again before you begin really farming, I want to make a few suggestions in order that you will be in position to take advantage of it later, that is, run your guide lines, and leave a space about forty feet wide out of cultivation so that you may build the terrace when you have more time. This space might even have been sowed in sudan or at any rate do not fail to run your lines and leave the space, for you can build your terraces yourself and I believe you will. We can have the demonstration any time, if you will leave the space.

In order that each of you that are interested in running lines on your farm may learn how to operate a farm level, I am holding a series of one-half day terracing schools as follows. If you can not be there, send a representative, in fact two, one to carry the target and one to operate the machine.

Those near Hamlin are:
R. P. Williams, Boyd Chapel, 1 1-2 miles north school, March 17, 9 A. M.
T. C. Gabriel, Hamlin, 2 miles N. Oil Mill, March 17, 2 P. M.

ABOUT SWEET SORGHUM

Sweet sorghum and grain sorghum planting seed should be treated with 1-2 oz. of new improved ceresan per bushel to control smut disease.

Cotton seed treated with 1 1-2 oz. of new improved ceresan controls certain boll rots, damping off or sore-skin, angular leaf spot, anthracnose, and seed rotting.

Any tight container, such as lard can may be used for a few bushels. For larger quantities, a 50 gallon oil drum with a tight lid and arranged on an axis, is suitable. The axis may be made from a one-inch water pipe about four feet long, passes diagonally through the drum and welded or soldered firmly to it. A mixing or bobble board, nailed across the inside is needed to do a good job. The drum should not be more than one-half or two-thirds filled so the seed will fall while it revolves.

As the chemical is poisonous, the seed should be treated outdoors and precautions taken not to breathe the dust. Left over treated seed should not be fed to livestock or sold to oil mills or feed houses.

Some of these barrels are available in the county.

The Hodges Community treated one-third of the sorghum seed that was planted last year and according to reports of the seed committee, perhaps all of it will be treated this year.

FLOYD LYNCH, County Agent

NAZARENE CHURCH

Wanted: More boys and girls, both young and old in Sunday school next Sunday morning. We have a class just for your age.

Sunday School, 9:45.
Morning Worship, 11:00.
Subject: "Preparation for a Reward."
N. Y. P. S., 6:45.
Evening Worship, 7:30.
Come worship with us at the church where you are always welcome.

Special Evangelistic Services

DALLAS BAGGETT
Evangelist
of Bentonville, Ark.

At the Nazarene church March 11 to 23rd, conducted by Rev. and Mrs. Dallas Baggett of Bentonville, Arkansas. These young people are graduates of Bethany-Penile College, Bethany, Okla. They are well prepared, both by training and experience to conduct a constructive spiritual meeting.

We are not running opposition to the Methodist church, but in co-operation with them for the salvation of the lost and the building of Christian character. Let us all work and pray for the inactive, indifferent, and lost people of Hamlin.

Dan D. Jones, Pastor

CHECKING THE LIST

This week the Herald is checking its final 1941 subscription list to date. We find that there are just a few who have not asked for their paper to be moved up another 12 months. Those who have not done so will likely miss their paper this week.

As we have said once before, just a few weeks ago, it is necessary for the list to be kept fully "alive", for a backnumber list is too heavy for a paper to carry and therefore, the occasional check-up must be made. We must say that the ones who do not take their home paper (anywhere) are the losers. One or two things about any general newspaper "It is as big as the town makes it, and is worth far more than what it costs." That is OUR quotation . . . and it is worth repeating anywhere when talking or thinking about the little home newspaper.

Mrs. Ada Baker of Arcadia, Ind., is at the home of her daughter, Mrs. R. C. Clifford in the Hitson community to spend several weeks. Mrs. Clifford was also visited last week by her aunt, Mrs. H. J. Lambert of Sapulpa, Okla., and her cousin, Mrs. Frank Fioello of Tulsa, Okla.

Miss Mary Boyd of Ft. Stockton came over to spend the week end with her parents, Mr. and Mrs. W. L. Boyd. She was accompanied by Miss Ann Mathis, also a teacher of the Ft. Stockton Schools.

Spend ONE dollar for the Herald and make some one happy
Do it.

Mrs. John M. Corgan Died Sunday Afternoon In San Antonio

Mrs. John M. Corgan, the former Miss Kate Whiteley, well known to all older citizens of Hamlin, and a pioneer of this city, passed away Sunday afternoon, in a hospital in San Antonio, after a brief illness. She became seriously ill Saturday and was rushed to San Antonio.

Funeral services were conducted by the pastor of the Methodist Church of Hebronville, of which Mrs. Corgan was a member, assisted by Rev. Highsmith and Rev. Myers, both former pastors, at The Hagley & McCullough Funeral Home and interment was in Rose Lawn Cemetery, San Antonio.

Mrs. Corgan (Miss Kate Whiteley) was born near Belton, Texas, January 5, 1880, and came with her parents to Hamlin in 1907, to become among the first citizens of Hamlin. She was married to John M. Corgan, February 10, 1923, and they made their home on a big ranch, at Crestonio in Duvall Co., near Hebronville, Texas. During the years she resided in Hamlin she won the love and highest esteem of everyone who made her intimate acquaintance. She will always be remembered more as "Miss Kate Whiteley", as she only visited Hamlin a few times after her marriage. She was a young woman of rare charms, who seemed to see sunshine and happiness in everybody and everything. One of her chief interests in the finer things of life was music, of which she made a special study during her early life in Belton College. She was a devoted Christian, with almost a life-long membership in the Methodist Church.

Mrs. Corgan is survived by three sisters, Mrs. B. W. Creekmore of Houston and Misses Allie and Pearl Whiteley of Hamlin and two brothers, J. M. Whiteley of Hillsboro, and Robert S. Whiteley of Hamlin. All of the brothers and sisters were present for the funeral. Other relatives attending were Rev. and Mrs. Highsmith of Austin. There were a number of friends also from Crestonio and Hebronville at the funeral.

Santa Fe Line Has Largest Diesel Power Of Any Railroad

The Santa Fe Railway announced today orders were placed with the Electro-Motive Corporation, La Grange, Ill., for two additional 5400 horse power Diesel-Electric freight locomotives and one additional 2000 horse power Diesel-Electric passenger locomotive.

The two new freight Diesel locomotives and another now under construction will be similar to the 5400 horse power Diesel freighter which the Railway has just recently placed in transcontinental freight service between Chicago and Los Angeles, California.

With the acquisition of the new engines, the Santa Fe will have a grand total of 105,000 Diesel-Electric horse power, the largest fleet of Diesel power in service on any railroad in the world.

James M. Magee Jr., a Hamlin soldier boy, who is in Camp Bowie, doing duty in the Judge Advocate Dept. Headquarters of the 36th Division, was in Hamlin the past week end having a good time with home folks and friends.

Mr. and Mrs. Paul G. Young are parents of a daughter, born early Wednesday morning at the Thurman Clinic. The young lady is named Judy Colleen and weighs 4 pounds and fourteen ounces.

Mrs. Forrest Boyd is visiting her son, Johnny Boyd and family in Ft. Stockton this week.

GEORGE STARR OLIVER

There was a "cute" little colored baby boy born on Friday, Feb. 28, "somewhere in Hamlin," and the proud father, who is porter at the Inzer Pharmacy, has named the baby "George Starr Oliver". So the reports get about. A colored baby with those two "smart" names should grow up to be a useful fellow about town.

Hamlin Ministers' Alliance Organized

Several of the ministers of Hamlin met on Thursday, Feb. 27, and perfected an organization made up of local ministers known as The Hamlin Ministers' Alliance. There will be a monthly meeting of this organization on Monday nights following the last Sunday of each month. The purpose of the organization is to provide a medium for working out problems affecting all the churches of our community.

The following officers were elected: Rev. J. E. Harrell, president; Rev. D. D. Jones, vice-president, and Rev. H. E. East, sec'y.-treas.

Attending the meeting were Rev. Watkins, pastor 4-Square Gospel church; Rev. Smith, pastor Assembly of God church; Rev. Smith, pastor Methodist church (colored); Rev. Jones, pastor of Nazarene church; Rev. Harrell, pastor First Methodist church, and Rev. East, pastor First Baptist church.

BAPTIST CHURCH

Our services were above average last Sunday—especially the morning service. Two united with the church. We had 296 in Sunday school — four below our goal for this quarter. During this month we are especially anxious that our attendance in all our services be increased.

Next Sunday night we will have a baptismal service. This will follow the regular service beginning at 7:30. Remember the following services.

Sunday School, 9:45.
Morning Worship, 11:00.
Training Union, 6:30.
Evening Worship, 7:30.
W. M. S., Monday, 2:30.
Prayer Meeting, 7:45.
Choir Rehearsal, 8:30.
H. E. East, Pastor

J. C. Turner Jr., soldier boy of the Headquarters Co. of the 11th Quartermaster Reg't. at Camp Bowie, was seen again in Hamlin the past week-end. That's the time J. C.—why not come up to Hamlin every chance you get—not many young fellows can have such opportunities. The only puzzle to your friends—"Where do you spend your time" while in Hamlin? Don't blame you.

CHURCH OF CHRIST

Why not worship with us? You are welcome to attend all services. May I pass this little poem on to you?

The thing that goes farthest
Towards making life worth while
That costs the least and does
the most, is just a pleasant smile.

It's full of worth and goodness too,
With manly kindness blent,
It's worth a million dollars and
It doesn't cost a cent.—Nesbit.

Minister Luther G. Savage

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School, 9:45 A. M.
Morning Worship, 11 o'clock.
Intermediates, 6:45 P. M.
Young People, 6:45 P. M.
Evening Service, 7:30.
Woman's Society of Christian Service, Monday afternoon at 3:00 o'clock.

Regular meeting of the Board of Stewards Monday night.

Revival Progressing

EVANGELIST ORION W. CARTER

The revival will continue through Sunday, March the 16th. Orion W. Carter, pastor of the First Methodist Church of Childress, is bringing some great messages that are thought provoking and soul stirring. Do you need a revival? If so, come and hear Carter. His gripping messages will stir your heart. His dynamic appeal will move you to do something for God and Humanity. He is a man of God, a Prophet of righteousness and thought stimulating, fearless preacher, alive to the issues that confront the church and the world of our day.

If you don't need a revival, stay away. But if you feel that you do, then come. Come seeking; come praying; come asking. Oh yes, come with your burdens, your heartaches, your needs, and the good Lord will be found ready to forgive your sins, to blot them out and to send you into a new life of forgiveness, of joy, and of peace that you never dreamed you could have had. Come and see.

The public is cordially and wholeheartedly invited to all the services. James E. Harrell, Pastor

Girl Scouts to Sell Cakes Saturday

If you want a real good cake and want to help the Girl Scouts, be sure to reserve for yourself a cake Saturday morning. They will be stationed between the York Store and Bryant-Link Store. Don't wait—good cakes go fast.

San Juan, P. R.
February 28, 1941

Dear Mr. Pope:

I would like for you to hold my papers for awhile as I am changing my address. I would tell you where to forward it but no one knows as yet. We are sailing at nine o'clock tomorrow morning under sealed orders.

I have been here in San Juan since last Oct. 18. I am in a patrol squadron here and we maintain a large part of the Caribbean patrol. We patrol to St. Lucia, in the British West Indies, to Trinidad and many small islands in the Caribbean.

I really enjoy your paper and I will sure miss it. I still think Hamlin is the best little city in the world, and the Herald is the best paper.

I'll write you and let you know where to send my paper as soon as I can.

Sincerely yours,

Carl Andress, Patrol Squadron
U. S. N. A. L., San Juan, P. R.

PLAY SAFE

Pennsylvania has one highway patrolman for every 17 miles of highways, while Texas has only one patrolman for every 120 miles of highways.

California has only half the number of miles of state highways that Texas has, but it maintains a force in number of almost four times as many highway patrolmen—one for every 15 miles of highways. Texas has a patrolman for every 120 miles.

If the present Highway Patrol force in Texas is doubled, the annual cost will be only the price of a package of cigarettes for every man, woman and child in the state.

Texas, with the largest area and the most miles of designated highways, has one of the nation's smallest Highway Patrol forces to safeguard the lives of its citizens on the highways.

Every phase of both highway

traffic and industrial safety will be covered in the third annual Texas Safety Conference to be held in Houston, April 8th and 9th.

"Safety and the Defense Program" will be the theme of the third annual Texas Safety Conference in Houston, April 8th and 9th.

Stay on your side of the road! The Texas Safety Association reports that 13 per cent of fatal accidents in the rural areas of the nation occur from the vehicle being on the wrong side of the road.

Mrs. H. G. Breneman of Paris came Wednesday to spend a week or more with her sister, Mrs. R. H. McCurdy and family.

Mrs. Paul G. Young is sending the Hamlin Herald to her husband for a birthday gift. This is a gift which will be enjoyed each week for 52 weeks by the entire family.

H. S. FitzGerald Says More Money Needed

I spent a portion of the last 3 weeks in a survey of some of the ellemosynary institutions of our State government. It is to be pitied when an old person must seek his source of livelihood from the State government, but it is to be deplored when an old person must be confined to one of our ellemosynary institutions for the insane and still not be adequately provided for. It is the opinion of the Ellemosynary Committee that all of the insane institutions thus far visited are capably and efficiently managed, but there is a great need for expenditure of more moneys for these institutions. It would break your heart to see some of the crowded conditions that are existing in some of our institutions with never a murmur from the inmates. It would break your heart still further to see some of the County jails, housing insane people that can not be provided for through our State institutions due to the lack of housing facilities.

Sincerely yours,

H. S. FitzGerald,
State Representative

Modern Alice In Wonderland

A present-day version of the Alice who stepped through the looking glass into a magic world, Alice Erle Beasley of LaGrange, Tenn., 1911 Maid of Cotton, is preparing to embark from Miami on February 24 on a three month air tour of cotton fashion shows in 28 major cities from New York to Salt Lake City. Sponsored by the National Cotton Council, the Memphis Cotton Carnival Association, and the Cotton Exchanges of New York, Memphis and New Orleans, the Maid of Cotton is the official fashion ambassador of the raw cotton industry. She will be accompanied by Clark Porteous of Memphis, tour manager; and by Miss Ruth Witmer, Lux stylist and chaperone.

Early Grazing Is Better When Dry Roughage Is Fed

Hulls Help Dairy Cows Get Full
Value From Spring Pastures

In the blending of livestock with cotton, Southern cotton fields pro-

vide dry roughage—cottonseed hulls—especially valuable in helping dairymen to make more effective use of pastures at this time of the year.

"Young, tender green grass analyzes from 85 per cent to 90 per cent water," E. R. Eudaly, Texas Extension Dairyman, recently said. He pointed out that cows grazing on this kind of grass usually lose flesh and eventually fall off in milk production unless fed dry roughage.

An average Jersey cow, he added, needs about 20 pounds of dry matter daily, in the form of roughage, in addition to concentrates. This cow can consume about 75 pounds of green grass daily, but if the grass contains 90 per cent water, she will get only 7 1-2 pounds of dry matter from the grass. Therefore, she will need about 12.5 pounds of dry matter from some other roughage.

As grass matures, it contains less water. However, it is not necessary to know the moisture content of grass, because cows usually will eat

the amount of dry roughage they need if the roughage is kept before them at all times. This year, abundant winter rains in many areas may cause grass to be unusually "watery" or "sappy," so that adequate amounts of dry roughage are especially important.

Cottonseed hulls, comparable in feeding value to many of our grass and prairie hays, furnish many dairymen with valuable dry roughage during spring months when pasture grasses are growing rapidly. Hulls are especially valuable to prevent excessive looseness and scouring and to keep cows on feed.

Dairymen also value cottonseed hulls for their use as excellent carriers for the concentrates in feed mixtures, and some dairymen follow the practice of feeding 5 to 6 pounds of hulls, daily per head, with the concentrate mixture while cows are on pasture.

Cows producing milk require more nutrients to insure maximum production than are usually supplied by roughages alone. For this reason, three pounds of a concentrate mixture, furnishing adequate protein, should be fed daily for each gallon of milk produced. The protein content of the mixture will be determined by the kind and quality of roughage fed; and, because of the importance of protein to enable cows to maintain their body and reach maximum milk production, feed authorities stress the necessity of supplying ample protein to balance farm grains and roughages in rations.

ON GETTING ALONG WITH PEOPLE

By R. A. Dean

To be able to get along with people is an art that is achieved only through careful study and diligent practice. We can see the lack of it in the war-torn world today. If we feel friendless and neglected, if we are careless and thoughtless, it is time for us to wake up and take an inventory of ourselves. We should learn the art of getting along with every type of people with whom we come in contact.

People find it difficult to get along with others because they do not try to understand other people's habits and faults. We would get along better if we would but look for the good in people rather than the evil. Some of us make a study of the faults of others but never stop to think that we also have some just as bad or even worse. We grumble and grieve over our own troubles, magnify them until we think we cannot stand up under the strain, and fail to see that everyone else has troubles, too. We are too pessimistic; we never stop to think that to be optimistic and cheerful once in a while would win us many friends. Too many people demand perfection but have little themselves. We forget that people have different moods and that when someone is in a bad mood, it is best to leave him alone. Some people forget that a little step out of their way sometimes benefits a great number of people.

It is not easy to overcome these difficulties; but if we would live and let live, we would be much happier. We must learn to respect the rights of others if we do not want our own trampled on. If we drop a little love and kindness to others as we tread our way through the paths of life, we can make everyone happier and more thoughtful of others. If we want others to have our respect, we must weigh our words carefully. With a multitude of words we often show our ignorance when we try to show our knowledge. We must not be afraid to speak our own opinion. We should learn to show our appreciation of others and give credit where credit is due. We should not deceive a person with oily and deceitful words. We must be fair with everyone and remember that we all deserve a chance. To be fair with everyone we must learn the principles of self-control. In other words, "Do unto others as you would have them do unto you."

When we acquire a few of these principles, we shall begin to get new visions, new ambitions, and a new hope. We shall begin to see the lights of success. We shall have better relations with our fellowmen. We will begin to climb the long ladder of achievements and never turn

to look back.

PIPERS GO SNOOPING

Ask Ralph Dean what he was doing up at the school a certain Monday night. Really did you have to annoy the lecturers so?

We know Bill Harbert is "awful" cute, but we didn't realize just how cute he was until the girls of the first period study hall started walking past his desk just to wink at him.

Why so many forlorn faces Friday night, girls? Could it be because Tommy Hill selected a young married lady to dance the Virginia Reel with him?

Ask Julia Pitcock how she liked her blind date. I hear she has really taken wings.

What certain little girls squirmed Monday morning because they rode around after a nice big fire? Perhaps Jo, C., C. A., or Rub. H. could supply the answer.

Bobby Tims has been receiving important phone calls early in the mornings. We hear he hails from Roby.

Loy Fry has his curves in geometry class slightly mixed. He just can't understand which curve to look at.

Spring is here and that calls for romance. Milton Pitcock and Helen Barnes seem to be giving cupid quite a chase.

Johnny seems to be off of Soph. and Fish. In fact, a certain senior has swept him off his feet. Johnny, I always told you how weak ankles affected people.

It seems that these out of town romances are getting completely out of hand. Anson not only holds an attraction for R. M. but also Pig and Carl; Stamford is ahead in the race. Stamford claims Alvin, G. W., Don, and Bill. There just "ain't" no justice.

Could anyone tell your Snooper why G. W. Turner and Lofton Brown have been so courteous to Charlotte Dillingham? Could she by any chance be black mailing them as to their whereabouts Sunday nights?

HAMLIN LOSES STUDENTS

We regret the loss of some more pupils. Edward Massey lived here two weeks and seemed to like the school, teachers, and students. He was classified as a Junior and enjoyed helping in school activities. Edward has now moved to Odessa and everyone hopes he does as well there in his school work as he did during his short time in Hamlin High.

We also regreted to see Alice Morrison leave and make her home in California. Alice was classified as a Junior and had been in Hamlin High School for the past two years. She has always taken an active part

in school activities.

One of Hamlin's latest heart-throbs, Jack Anderson, left the past week. He has been a sophomore in Hamlin High for the past six months. He will make his new home in Seminole and everyone wishes him the greatest of success.

SENIOR PLAY TRY-OUTS PROMISE COMPETITION

Last week about thirty Seniors who were interested in the annual play met with Mrs. Heflin Miller, the director, to hear "Swing Fever" reviewed. Enthusiasm was highly increased after hearing the synopsis.

Everyone is interested and there will be stiff competition in try-outs, but it will result in a roaring comedy that has no equal. The Seniors are eager to make this play even better than their play last year.

ART STUDENTS MAKE

Recently one of your reporters enjoyed a visit in the art room, where many beautiful pictures were on display. There were paintings of orchards in full bloom, Hamlin park scenes, and a variety of flower pictures. One of these pictures was a still life painting of a bowl of carnations painted by Winnie Fay Hassen, another was a copied painting

of a vase of asters and pansies, painted by Mary Jo Price. These 2 pictures are now on exhibit at Mrs. E. M. Wilson's Book Shop.

The attractive posters advertizing the Junior play were made in the art room under the supervision of Mrs. S. W. Cade by the following students: Inez LaBaume, Mary Nell Bell, Selma Hassen, Zelma Green, Winnie Faye Hassen, Mary Jo Price Craigolene Elmore, Virginia Hampton, and Eugene Ward. The posters advertizing the Senior Play will be made by the art class. Winnie Faye Hassen and Hope Cade will represent Hamlin High School in the State Fire Prevention Contest, May 1, 1941.

The art class has accepted an invitation to exhibit their work in "Festival of Arts Week," beginning May 6 and lasting until May 12 at McMurry College. Mrs. Roma Reagan Conner, head of the Art Department of McMurry College, extended the invitation.

Mrs. S. W. Cade and her class are to be commended for the splendid work done in the Art Department.

HOME MAKING NEWS

Did you know—That you need 1 pint of milk per day and 46 to 91 gallons for 1 year? That you need

1 egg per day and 30 dozen a year? That you need 1 serving of meat, fish, poultry or cheese per day? And 175 pounds for a year?
You also need the following:
Per Day For 1 Yr
1 serving Irish Potatoes .. 200 lbs
1 serving green or yellow vegetables 200 lbs
1 serving other vegetables 200 lbs
1 serving citrus fruit 100 to 200 lbs
1 serving other fruit 200 lbs
1 serving whole grain products 170 lbs

Butter or margarine 20 lbs
Some Sweets 90 lbs
6 to 8 glasses water
Dried peas, beans, nuts 15 lbs
These figures were prepared by the Texas State Nutrition Committee. A great many people do not meet the requirements of this Texas Food Standard.
Tuesday the 2 sections of Home-making II visited Albritton's Gro-

In The Land Of Cotton

New Orleans beauties prepare to welcome visitors to their city's annual Spring Fiesta, March 16-30. The part cotton has played in the building of New Orleans will play an important role in the Fiesta program with a cotton party scheduled as one of the main events of the program. Hostesses will wear ante-bellum costumes of cotton.

BAND AND GLEE CLUB GIVE ASSEMBLY PROGRAM

Friday morning before the Band and Glee Club went to Anson, they honored their fellow students with an assembly program. The Band played three numbers with Harold Fletcher announcing:

"Airport"—Eisenbery.

"Starlight"—Olivadoti.

"Song of the Rose"—Weber.

After they finished these numbers Betty Lou York gave a reading and then the Glee Club, accompanied by La Nelle Carlton and Harold Fletcher, sang the following numbers:

"Home on the Range"—Guion.

"Come to the Fair"—Martin.

"Allah's Holiday"—Friml.

"Stay Sweet As You Are"—Popular Selection.

"Fierce Was the Wild Billow"—Hewlett.

The stage was then cleared for Marguerite Nobles and La Nelle Andress to tap dance. The students enjoyed the dance so much that an encore was given.

The Band closed the program with the following numbers:

"Argentina"—Olivadoti.

"Serenade"—Holms.

"Village Chapel"—Ribble.

"Queen City March"—Boorn.

Yes, indeed, the students of Hamlin High appreciate our Band and Glee Club very much.

BAND ASSOCIATION**ORGANIZED**

The parents and interested band spectators have organized a new organization, "The Band Association." The purpose of the Association is to act as a booster for the music department of Hamlin High School.

This organization is to meet the

first Monday in every month. The programs are to be musical education programs. The first program was held Feb. 3, and the following officers were elected:

Ira Clements, president.

Mrs. Mary Farrow, vice-pres.

Mrs. Q. Martin, sec'y.-treas.

The organization is now holding a membership contest in which the losing side must entertain the winning side.

Such an organization has a wonderful opportunity to serve the school and merits the support of every Hamlin citizen.

The Association met Monday evening and the program was furnished by the Hamlin Band. A demonstration of each instrument was given by the student. Mr. Clyde Smith, director of the band, gave an oral discussion of the balance of instruments and suggested ways of improving the instrumentation of the band. Different sections of the band played together to show how parts should blend. The band is getting ready for the contest and with the excellent support of the Band Association, should make an excellent showing for Hamlin High School and Hamlin.

Woman's Literary Club Observes Texas Day

The Woman's Literary Club held a regular meeting Friday afternoon in the home of Mrs. Henry Albritton. The program, commemorating Texas Independence, was well attended and highly appreciated.

The club had as guests Mrs. E. M. Wilson, a former member and president of the organization, and Mrs. Heflin Miller, a former club member, who reviewed most charmingly, the book "On the Long Tide" by Laura Krey. Mrs. Miller took her audience with the author thru the thrilling, harrowing and romantic days of the early colonization of Texas, making the pulse of each native-born Texan speed up a bit, and the chest swell with pride because of the patriotism, bravery and cunning which has ever characterized Texans worthy of their heritage.

Mrs. Albritton concluded the program with the beautiful rendition of a piano solo, "Liebestraume," by Liszt.

Busy Bee Club

Mrs. Johnnie Agnew was hostess to members of the Busy Bee Quilting Club in her home Wednesday, February 26th. Two quilts were quilted and a covered dish luncheon enjoyed at the noon hour.

In the afternoon the hostess served delicious ice cream.

Visit the Herald and tell us your troubles—we also want your business.

Sub-Deb Club

The Sub-Deb Club met Tuesday afternoon with Mary Jo Sills as hostess.

Following a short business session, Hope Cade read an interesting paper on Testing Your Personality.

Sherbet, cookies and Coca Cola were served to Mary Marguerite Nobles, Charlotte Dillingham, Phala Davis, La Nell Andress, Hope Cade, Joyce Hudson, Betty Jo Abbott, Ruby Herr, Courtney Ann Magee, Sara Jo Holder, Herbie Faye Johnston, Billy Faye Rountree and the hostess.

McCaulley H. D. Club

A demonstration on how to set a table for a waffle supper was given by Mrs. Ray Maberry at the home of Mrs. Ellis Evans Feb. 19th.

Mrs. Jim Jackson was elected as secretary.

The plans were made for the waffle supper to be given at the home of Mrs. Luther Maberry.

Refreshments were served to the following: Mmes. Della Fancher, S. D. Miers, Georgen Darden, Joe Miers, Willie Fancher, H. Barton, Ray Maberry, L. B. Maberry, Lewis Boyd, Luther Maberry, Dick Maberry, Lee Hendon and Jim Jackson.

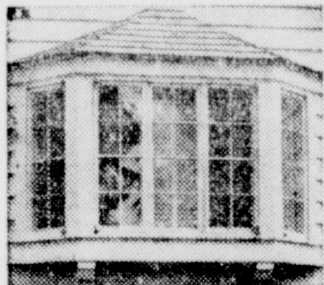

—Reporter, Mrs. Luther Maberry

Mrs. J. P. Morgan accompanied her son Denman to Dallas Wednesday to see the fine granddaughter, little Miss Geraldine Morgan.

MODERN TREND TO MORE WINDOWS PUTS STRESS ON QUALITY

A radial bay of casement windows so popular today.

An angle bay popular for breakfast rooms.

A multiple bank of double hung windows, often used at the end of the living room.

Windows and More Windows Is Trend in New Homes Today

No matter how you look at windows you're going to see more and more of them in new homes. Light, airy rooms mean just one thing—more windows—and that is definitely the trend in home construction today.

And the more windows you have in your new home, the more you've got to watch quality construction in the windows you buy. Windows can add much to the enjoyment of your new home if they're good windows, and if they're poor ones, they'll add plenty of headaches.

Window "Pains" Gone

Rattling, sticking, leaking windows are a thing of the past with the complete factory fitted window units as manufactured today. Maybe that is why architects and contractors the country over are favoring more windows because, at last, the "pain" has been taken out of them.

New Features

Such features as inside double glazing, screens that are removed from the inside, condensation controls, and hinges that allow both sides of the glass to be washed from the inside are part of modern casement windows today. Similar improvements have been made in the popular double hung windows. Double action weatherstrip, noiseless pulleys, and flat weights that allow for narrow modern lines are a few of the outstanding innovations.

Schubert Club

On Wednesday afternoon the Schubert Club held a regular session in the High School Auditorium. The program on "Rural Music and Music in the Home" was under the direction of Mrs. Gordon Bennett, who discussed the topic, "Rural Music."

Mrs. C. F. Butcher gave the story of Home Sweet Home, followed by the singing of the number by a quartet from the High School Choral Club; namely, Virgil Sowell, Dorothy Fern Routh, Charlotte Dillingham, and Harold Fletcher, trained by Mr. Clyde Smith.

Miss Edwina Gilbert discussed "Music in the Home". A timely example of the companionship music in the home can create climaxed the program when Mrs. L. H. McBride and her daughter Anna Margaret and Mrs. Joe McCrary and her daughter, Joanne, played a two-piano number, "My Country Garden," by Grange.

Following the program, Mrs. Willard Maberry directed in choral rehearsal. The club is planning and working toward the activities of National Music Week, May fourth to tenth.

Making Good At John Tarleton College

Eva Louise Fowler and Gloria Stewart of Hamlin, made the semester Honor Roll at John Tarleton College. This announcement was made by Gabe Lewis, Registrar. To achieve this distinction, Lewis explains, one must earn thirty grade points and have no failing grades for the entire semester. This means that a student must have a "B" average. Only about ten per cent of the student body of 1300 achieve this distinction.

J. Thomas Davis, Dean of Tarleton, complimented the semester honor roll students in assembly recently.

"You are acquiring the habit of being successful," said the Dean to this select group, "and statistics show that successful students are successful after they leave school."

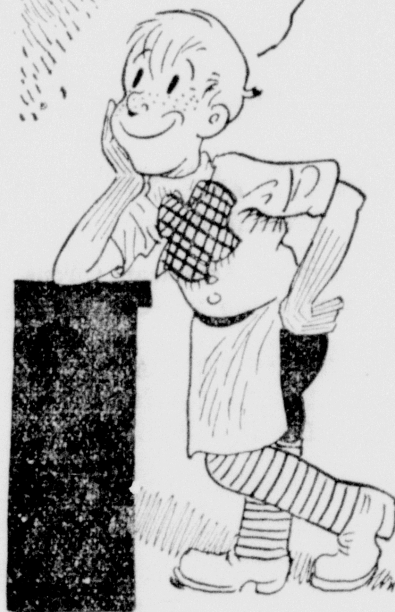

Eva Louise is a senior at Tarleton and is studying Elementary Education, while Gloria, who is also a senior, is studying Business Administration.—Tarleton News Service.

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses: 25c.

POT SHOTS FROM McCAULEY

—BY GEO. DARDEN—

Mr. and Mrs. L. E. Rector and daughter made a trip to Abilene Sunday. Mrs. Rector tells us that everywhere she looked she saw hundreds of soldiers. Well folks, that's right. The town is full of Uncle Sam's boys and if you don't think that they are getting plenty of drilling, then you should have been out to the camp Monday. It was squads right, from early until late.

It's good to be back in the old home town this Monday night. We didn't make it home Sunday and we will have to be back on the job at 8 A. M. Tuesday.

Rev. C. E. Dick, a former pastor here, has been called back as pastor of the Baptist church. He has accepted the call and will move to McCauley within the next ten days.

Mr. and Mrs. S. E. Miers were shopping in Sweetwater last Monday and while there they visited Radio Station KXOX and heard the McCauley home demonstration club ladies over the radio at 1:30 P. M.

The club ladies who sang over the radio Monday were Mrs. Cecil Ottinger, Mrs. L. E. Rector, Mrs. Geo. Darden and Mrs. Ellis Eivens. J. H. Milsap was honored with a birthday dinner on last Monday and the occasion was a happy one with most of his children present.

The oil men are still very interested in this community, and what we want to see is more producers.

Mrs. N. D. Miers is in a hospital at Stamford and has been very ill with pneumonia. Word came later that her condition is much improved. C. P. Yates is in Dallas this week on business.

We understand that our good friend Cicero (Pa) Martin got a lot of nice birthday presents, including a little wine. 'Spect we had better pay him a visit.

Mrs. Lottie Rector is beginning to look like herself again as she has been rather ill with flu and we are very glad to see her back in the post office and we know she has to be very sick before she fails to show up at the office, and too, we consider her another mother and not just a mere friend.

O-O-O-O

Isn't it wonderful to live in a country where friendship counts more than military might? For over a month now we have worked with hundreds of men at Camp Berkeley, and we say, with all sincerity that

BOYD CHAPEL CHIRPS

(By Mrs. Albert Haught)

Rev. Johnson filled the pulpit at the Baptist church Sunday night.

J. P. Bingham, Theron and Charley Bingham, Mrs. Leon Rogers, and Mr. and Mrs. B. W. Neidecken attended the funeral of a relative of J. P. Bingham, Ralph Allen, at Hico, Sunday.

Mr. and Mrs. J. A. Holden spent the week end in Abilene with their son, Carl Holden and family.

Mr. and Mrs. Jim Ferguson and Mrs. Ada McClure visited their sister, Mrs. Dunn, of Sylvester, on Sunday.

Mr. and Mrs. Delmer Hill spent the week end with her parents, Mr. and Mrs. M. L. Haught.

Mr. and Mrs. H. C. Hodges and Mr. and Mrs. Foy Rogers spent the week end with Mr. and Mrs. Hodges of Merkel.

Miss Virginia Cozzen spent the week end in Merkel with Mr. and Mrs. S. M. Hester.

Miss Viva Milstead, a teacher in the Sanora school, spent the week end with her parents, Mr. and Mrs. R. L. Milstead.

Mr. and Mrs. Ernest Cozzen spent part of last week with relatives here.

Bobby Crow, a student in Texas Tech, spent the week end at home with his parents, Mr. and Mrs. J. L. Crow.

The Willing Workers club met with Mrs. J. P. Cornelius Tuesday of this week. A covered dish dinner was enjoyed and three quilts were quilted. About 25 ladies enjoyed this occasion.

Mr. and Mrs. Foy Rogers entertained a group of friends in their home last Wednesday night. Games were played after which home-made candy and popcorn were served to Mr. and Mrs. Herther Taylor, Tressie Taylor, Polly, Filena, W. M. and Alta Kelley, Virginia Cozzen, Betty and Junior Haught, Mr. and Mrs. H. C. Hodges, and the host and hostess, Mr. and Mrs. Foy Rogers.

TYPEWRITER PAPER in handy 10c packages, for sale at the HERALD.

we never saw so many men working on one job that were so friendly, and it seems as if all go to work with a will to keep this country safe for Democracy. There has been no strikes and very few misunderstandings between employer and employee. All that work have a certain job to do and they do it. Since the soldiers came to Camp Berkeley we find that they are willing and ready to fight at the drop of the hat if it takes that to continue our form of government. In fact, all America is as a united family with one God, one flag and one free government, of the people, by the people and for the people.

A DARDEN-O-GRAM

It's a RESISTOL hat

A casual sort of hat is the SKYLARK. Just a touch of swagger in its broad brim and draped band. And the exclusive Resistol Self-Forming feature provides hat comfort equal to its style.

SCHOEMANN CO. Inc.

WISE CHAPEL NEWS

By Catherine Drake

March has rolled around and the sand storms have started too. All the farmers were glad to see the good rain we had last week. All will be very busy now putting up their land.

Mr. and Mrs. Tom Neill and family visited Mr. and Mrs. A. P. Profit of Clyde Sunday.

L. V. Radliff of Abilene, spent the week end with Mr. and Mrs. Dave Herbst.

Mr. and Mrs. J. R. Bonds of Abilene spent Sunday with their parents, Mr. and Mrs. Joe Bonds.

Mr. and Mrs. Vernon Mayfield are remodeling their home.

Last Thursday night the Anson Chamber of Commerce members and their ladies and Miss Martin, Mrs. Dunwoody and Mrs. G. D. Triplett, came over to the school house and put on a program. These people were welcomed by N. H. Touchstone.

A question contest was held and those who answered were given a prize; those who could not answer were to sing a song, tell a joke or recite a poem. Mr. Rufus Herbst from our community and Bill Dunwoody from Anson got the prize.

At the end of the program a fat man contest was held with Boyde Ellison the winner, a big stick of peppermint candy. Just ask Boyde about it.

The Anson people served coffee and cookies to the group. At the end of the program they sang "God Bless America."

Everyone enjoyed the afternoon.

Mr. and Mrs. A. W. Jobe and family visited Mr. and Mrs. Tom Peterson and family of Hamby on Sunday.

Miss Florence Opal Dixon spent Saturday night with Juanita Patterson.

Mr. and Mrs. H. L. Griffin and family spent Sunday with Mr. and Mrs. Alexander of McCauley.

Mrs. Leonard Lewis and family of Abilene, spent Sunday with Mr. Connie Drake and sisters.

Emil Ray Farmer of Denton spent the week end with home folks, Mr. and Mrs. A. W. Jobe and family.

Miss Lola Ford spent Saturday night with Ernestine Jenkins.

Larry McCoy of Hamlin and Buster Rich of Boyd Chapel spent Saturday with J. C. and Kenneth Riddle.

Several from this community went over to Anson Friday to see the soldier boys from Fort Sill, Oklahoma, pass through Anson to Camp Berkeley.

We are sorry to report that G. W. Wainscott, Sr., was taken to the Stamford hospital last Friday with

Pneumonia.

Mr. and Mrs. Russell Glenn of Abilene, spent the week end with their parents, Mr. and Mrs. Ralph Riddle and family.

Rev. Charles Torrence, of Abilene, spent Saturday night with Mr. and Mrs. Dave Herbst.

Mrs. W. D. Patterson and family spent Sunday with Mr. and Mrs. Edgar Crews and daughter.

Everyone enjoyed the party at Mr. and Mrs. Shorty Kennedy's Saturday.

Mary Ellen Wainscott visited her grandfather, G. W. Wainscott, who is in the Stamford Hospital, Saturday.

J. FLOYD MALCOLM
Contractors (174f)

Eight Texas cities will be presented awards at the Texas Safety Conference in Houston, April 8 and 9 for their traffic safety records during 1940.

Safety leaders in Texas are convinced law enforcement has a prominent part in reducing traffic deaths. Without an adequate patrol to properly enforce reasonable traffic laws, Texas will still have unnecessary deaths occurring on the highways, they declare. In seeking a larger patrol, safety leaders cite the fact that there is only one patrolman for every 120 miles of state highways.
